Sharing Stories of Nature Recovery

Online event Saturday 17 April 2021

9:00 am to 3:00 pm

Join us to hear about the amazing variety of projects and people who are helping nature recover from the 2019/20 bushfires in East Gippsland.

Hear stories from Traditional Owners, scientists, community members and youth presenters about how nature is recovering. Together, we will share our aspirations of hope and recovery for nature, with calls to action offering positive examples and inspiration.
